Potential Salmonella

**Company Name:**

Woody's Pet Food Deli

**Brand Name:**

Woody's Pet Food Deli

**Product Description:**

Raw Cornish Hen pet food "With Supplements"

### Company Announcement

December 23, 2021, Woody's Pet Food Deli of Minneapolis, MN is recalling Raw Cornish Hen pet food "With Supplements" sticker due to a *Salmonella* health risk.

The product was distributed in the company's retail stores in Minneapolis, Saint Paul, and Woodbury, Minnesota.

*Salmonella* can affect animals eating the product and there is risk to humans from handling contaminated products, especially if they have not thoroughly washed their hands after having contact with the products or any surfaces exposed to these products.

Healthy people infected with *Salmonella* should monitor themselves for some or all of the following symptoms: nausea, vomiting, diarrhea or bloody diarrhea, abdominal cramping and fever. Rarely, *Salmonella* can result in more serious ailments, including arterial infections, endocarditis, arthritis, muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their healthcare providers.

Pets with *Salmonella* infections may be lethargic and have diarrhea or bloody diarrhea, fever, and vomiting. Some pets will have only decreased appetite, fever and abdominal pain. Infected but otherwise healthy pets can be carriers and infect other animals or humans. If your pet has consumed the recalled product and has these symptoms, please contact your veterinarian.

The recalled products and label are listed below:

Product Name	Size & Container	PLU Code & Expiration Date
Woody's Pet Food Deli RAW CORNISH HEN with SUPPLEMENTS	5 lb. plastic tub	PLU Code 5230 Expiration date 11/20/22
Woody's Pet Food Deli RAW CORNISH HEN with SUPPLEMENTS	15 oz. plastic container	PLU Code 1652 Expiration date 11/20/22

Two (2) 5lb tubs were sold in the company's St Paul store. Twelve (12) 15oz containers were distributed through its 3 Twin Cities, MN retail stores.

The company continues their investigation as to the source of the problem and will resume production when the problem is resolved. The recall is a result of FDA sampling due to a consumer complaint on another product, which testing revealed a sample of this product contains *Salmonella*.

Consumers who have these products should discontinue use and may return the unused portion to the place of purchase for a full refund. If you have recalled product in your home, clean refrigerators/freezers where the product was stored and clean and disinfect all bowls, utensils, food prep surfaces, pet bedding, toys, floors, and any other surfaces that the food or pet may have had contact with. Because animals can shed the bacteria in the feces when they have bowel movements, it's

particularly important to clean up the animal's feces in yards or parks where people or other animals may become exposed, in addition to cleaning items in the home. Consumers should thoroughly wash their hands after handling the affected product or cleaning up potentially contaminated items and surfaces.

Consumers with questions may contact our stores Tuesday through Saturday noon to 6 PM CST at 612-208-0335 (Minneapolis), 651-493-7269 (St Paul), and 651-340-8678 (Woodbury).

Our stores are closed from December 25, 2021 to January 3, 2022 and we are not able to answer phone calls during that time. Please contact us by email at [info@woodyspetdeli.com](mailto:info@woodyspetdeli.com) (<mailto:info@woodyspetdeli.com>).

For 13 years we have strived to provide quality pet food, and we believe taking this action is the right thing to do. We are grateful for your support. We sincerely apologize for any inconveniences this may cause.
